ESOS Framework

The College is committed to providing you with a quality education and protecting your rights.

The Australian Government requires providers of education to overseas students to ensure that students have a safe, enjoyable, and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and include the Education Services for Overseas (ESOS) Act 2000 and the National Code.

Protection for Overseas Students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <http://cricos.education.gov.au/>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students. Please check carefully that the details of your course, including location, match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent.
- Your right to sign a written agreement with your provider before, or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- You have the right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.
- Your right to know:
 - How to use your provider's student support services
 - Who the contact officer is for overseas students
 - If you can apply for course credit
 - When your enrolment can be deferred, suspended or cancelled
 - What your provider's requirements are for satisfactory progress in the courses you study
 - If attendance will be monitored for those courses
 - What will happen if you change providers
 - How to use your provider's complaints and appeals process

Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- Inform your provider if you change your address/contact details
- Satisfy your student visa conditions
- Maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- Meet the terms of the written agreement with your provider
- Maintain satisfactory course progress

Things you should know about complaining to the Overseas Students

- The Overseas Students Ombudsman's services are free.
- In some cases, the Ombudsman may decide not to investigate your complaint. This might happen where another organisation can help you, or you have not spoken to your provider about your complaint.
- If OSO decides **not** to investigate, they will tell you why. The Overseas Students Ombudsman may refer you to another organisation that can help.
- The Ombudsman is independent and impartial. If OSO **does** decide to investigate your complaint, they will contact the education provider and ask us what happened.

- The Overseas Students Ombudsman will treat your information with privacy and respect, and collect, store, use and disclose your personal information only in accordance with Australian privacy laws.

Where, the outcome of the internal and external complaints and appeals process, supports the student, IESC will implement the decision or corrective action as soon as possible and advise accordingly.

OSO contact details: In Australia, call: 1300 362 072 (calls from mobile phones at mobile phone rates). Outside Australia, call +61 2 6276 0111 or you can send them mail to: Overseas Students Ombudsman GPO Box 442, Canberra ACT 2601, AUSTRALIA

Class or Educational Complaints

If you have a problem or complaint with the trainer / assessor, the course content, the facilities or any component of the course you should use the following IESC procedure:

Student Support Services

Banking

It is recommended that you open a bank account soon after arriving. Banks in Australia provide savings and cheque accounts plus a range of other financial services including personal loans, bank drafts and transfer of funds. Exchange of currencies and the purchase of foreign currencies can also be conducted at banks. Traveler's cheques can be cashed at banks but you will need to show your passport for identification.

Opening a bank account

If you have been in Australia for less than six weeks, your passport will be enough identification to open a bank account. If you have been in Australia for more than six weeks, you will need some further identification such as your student identity card. Before choosing a bank and a particular account, you should compare interest rates, bank fees, etc. Some banks do provide student accounts where only government fees are charged.

Most students open an account that has access to an automated teller machine (ATM) via a card. Cash is then accessible 24 hours a day, seven days a week. Most supermarkets and shopping places have facilities to purchase goods with your ATM card, known as EFTPOS facilities.

Banking hours

Banking hours vary, but these are the general banking hours of most banks.
Monday to Thursday: 9.00am - 4.00pm | Friday: 9.00am - 5.00pm
Saturday and Sunday: Closed (some banks may open Saturday mornings)

Places of Worship

There is complete freedom of religion in Australia. Most of the world religions are represented in Sydney and have their own places of worship. These can be found through the internet and, listed alphabetically under the denomination.

The majority of Australians are Christian, the three largest denominations being Anglican, Roman Catholic and Uniting Church. Smaller Christian denominations include Lutheran, Jehovah's Witness, Seventh Day Adventist and Baptist. Other major religions with a great many adherents in Australia include Judaism, Islam, Buddhism, Hinduism, and Taoism.

If you need assistance in finding your place of worship, please speak to the Student Services Officer and they will be able to help you.

Competency Based Training

Competency based training is a structured approach to training and assessment that is directed toward achieving specific outcomes. It is about assisting individuals to acquire skills and knowledge, so they are able to perform a task to a specified standard under certain conditions. In competency-based training, the outcomes to be achieved are clearly stated so that students know exactly what they have to be able to do, trainers know what training or learning is to be provided and organisations know the skill levels required of their people. The emphasis in competency-based training is on "performing" rather than just "knowing".

A competency is defined in terms of what a person is required to do (performance), under what conditions it is to be done (conditions) and how well it is to be done (standards).

In the Australian context a broad definition of competency has been adopted that includes four aspects of work performance.

Task Skills

Being able to perform individual tasks

Task Management Skills

Being able to manage a number of different tasks within the job

Contingency Management Skills

Being able to respond to irregularities and breakdowns in routine

Environment Skills

Being able to deal with the responsibilities and expectations of the work environment

A competency is much more than just a description of a work task or activity. It encompasses measures of the competency and addresses the knowledge, skills and attitudes required for a person to perform a job to a required standard.

Introducing Competency Based Assessment

This section provides an introduction to assessment, specifically assessment of competence.

What is competence?

In vocational education and training, people are considered to be competent when they are able to consistently apply their knowledge and skills to the standard of performance required in the workplace.

How do we know someone is competent?

We know whether someone is competent after completing an assessment that verifies that all aspects of the unit of competency are held and can be applied in an industry context. Just as a learner-driver must demonstrate they can drive a car by actually taking the examiner for a drive, so too must learners demonstrate competence by undergoing an assessment process.

Assessment may involve a variety of assessment methods.

What standards are candidates assessed against?

In order to assess whether a candidate is competent, they are judged against competency standards (often called benchmarks) developed by the industry. A competency standard is comprised of individual units of competency that include the essential information needed to assess a candidate.

To gain a formal qualification (e.g. a Certificate IV or a Diploma), individuals have to be competent in a specified group of units of competency. Information on the qualifications and relevant units of competency are outlined in accredited courses or Training Packages. Training Packages consist of competency standards, information on qualifications and assessment guidelines to assist trainers and assessors.

What is competency based assessment?

Competency based assessment is the process of collecting evidence and making judgments on whether competence has been achieved. This confirms that an individual can perform to the standard expected in the workplace as expressed in the nationally endorsed competency standards where they exist or on competency standards developed by relevant industry, enterprise, community or professional groups (or outcomes of accredited courses if there are no relevant nationally endorsed competency standards).

What sort of evidence is collected?

Evidence collected may be direct such as observation of workplace performance, indirect such as formal testing, or supplementary such as references from employers.

Evidence is used by an assessor to make a judgment about whether the candidate is competent.

It is the responsibility of the assessor to determine what and how much evidence is required to make the assessment judgment. Training Packages provide guidance on the types of evidence required, and further advice may be gained through moderation and industry consultation.

Recognition of Prior Learning

If you believe you already have the skills and knowledge required to demonstrate competency you can request Recognition of Prior Learning (RPL). It does not matter whether you acquired your skills and knowledge through formal learning, work experience and/or life experiences.

To request RPL you will need to:

- Read the course outline and talk to the Student Services if there is anything you need explained.
- Collect and complete the Request for Recognition of Prior Learning form from the office.
- Check your skills and knowledge for each unit of competency. Collect your evidence to show your competence. Your evidence must be valid (as described in the unit of competency), sufficient (enough), current (up-to-date) and authentic (your own work).
- List the types of evidence you have for each unit of competency.
- Present your evidence and the list of evidence to the Student Services who will allocate this to the correct IESC Staff for assessment.

The assessor may ask you to undergo a challenge test. You will be provided with a written report on the outcomes of assessment of your application for RPL which you will be required to counter sign. This report will be filed in your personal file. You must pay the cost for an RPL.

Where RPL is granted IESC will notify The Department of Home Affairs and provide, where possible, meaningful learning activities for the student for the resulting change of the course duration, ensuring a full- time 20 hour per week load.

National Recognition

IESC recognises relevant AQF qualifications and / or Statements of Attainment issued by any other RTO. We reserve the right to verify the authenticity of such documents as required and to determine the currency of the units of competency indicated on the testamur.

Course Credit Transfer

Australian Qualifications and Statements of Attainment that have been issued by any other Registered Training Organisation (RTO) will be recognised by IESC and students will not be required to complete these units again. To apply for Credit Transfer students must be able to present their original Qualification or Statement of Attainment or certified copies, with national codes and titles that match the current course in which a student is enrolled.

Students may also apply for Credit Transfer for other units undertaken elsewhere and have these units count towards the qualification, where these units are applicable.

Academic Progression

IESC monitors students' attendance and academic performance in each qualification. Support structures are in place to assist students to successfully achieve the course outcomes. Trainers monitor students' progress continuously. Students are provided with feedback on their progress and offered additional time and trainer support as required.

Course Progress Requirements

Students are expected to achieve the following requirements in order to meet the satisfactory course progress requirements:

- A mark of Competent in all assessment tasks (face to face and online) in the qualification in which the student is enrolled.
- Achieve 50% of academic per term (study period)
- satisfactory attendance at scheduled classes

The consequences of failure to meet two or more of the requirements for satisfactory course progress are as follows:

- Students who fail to achieve a mark of Competent in an assessment task (face to face or online) are provided with the opportunity for re-assessment. Students who fail to achieve an overall mark of Competent for all assessment tasks (face to face and online) for a unit of competency will be allowed to continue their enrolment but will be considered at risk of not making satisfactory progress for the term following the one in which they were deemed Not Yet Competent. Students considered to be 'at risk' will be notified and asked to make an appointment to see the Academic Coordinator who will establish an additional program of support. It is the student's responsibility to maintain attendance at IESC during this time.
- There will be a fee for the re-assessment (please refer to fees and other charges attached to this book)

The program of support implemented by IESC may include:

- Attending counselling regarding learning
- Receiving individual coaching

Records of the implementation of the additional program of support are kept in the student's file.

- Within 10 working days of the completion of a term the college will review the academic progress of all students and identify those students who have failed 50% or more units in the term and a warning letter will be sent requiring them to attend a course counselling interview.
- At the course counselling interview the following intervention strategies will be put in place:
 - Student academic/Tutorial support.
- If a student fails more than 50% of units in two consecutive study periods then the College must notify the student in writing of its intention to report the student for not achieving satisfactory academic progress. The students must be informed they have 20 working days to appeal to the College. If the appeal is not upheld or the student withdraws from the appeal process then the CoE will be cancelled through PRISMS.

Conduct of Assessment

Assessment is conducted in accordance with the National Assessment Principles. Assessment is competency based against the standards outlined in the units of competency, it includes:

- assessment to determine your training needs

- assessment during the training to judge how you are progressing
- assessment of performance at end of the units of training
- recognition of prior learning or recognition of current competency

Assessment involves the collection of sufficient evidence to demonstrate you are competent.

This may include:

- Measurement of products you have made or services you deliver
- Observation of processes you carry out
- Measurement of your knowledge and understanding
- Observation of the attitudes you demonstrate.

Assessment methods may involve you in:

- Demonstrating your skills
- Answering written and/or oral questions
- Participating in group discussions
- Developing a portfolio of work
- Making oral presentations to the group
- Participating in a role play
- Completing a project
- Completing a written test / online quiz

The outcomes of assessment are Competent (C) or Not Yet Competent (NYC) or Did Not Submit (DNS). If you are assessed as Not Yet Competent you can request a re-assessment.

You will be given feedback on the outcome of each assessment by your trainer/assessor. During the course your individual assessment results are maintained by your trainer/assessor.

Assessment Appeals

If you are dissatisfied with a Not Yet Competent decision you can appeal the decision. This involves speaking to the assessor within 10 days of receiving the assessment result and feedback and requesting a review of the evidence.

The Academic Coordinator may organise a re-assessment and depending on the circumstances this may be with an independent assessor.

If it is necessary for you to repeat a unit of competency because you have been deemed Not Yet Competent you may do so only once during the period of study for the course.

Online Attendance

Students are required to study 5 hours (weekly) for online which forms a part of the weekly duration of the course (20 hours). Attendance will not be monitored or recorded. However, the students must show satisfactory course progress that is Competent in at least 50% for a study period (one term).

Attendance Requirements

International students must attend on a full-time basis. This means you must be in attendance at the College each day of the course for a total of 20 hours face to face per week. You must maintain a minimum of 80% attendance. Your attendance will be recorded at each session. If you cannot attend a class you are required to notify the College in advance on (02) 8076 8000. Students who are absent from class due to illness must provide a doctor's certificate. No consideration can be given to extended absences for any other reason and your CoE will be cancelled.

Students must continue to actively participate in the learning and assessment activities to achieve competency in the qualification in which they are enrolled.

All students must provide correct contact details (including address, mobile number and email) to IESC. All students must update their contact details with the college within seven days of change. Under The Education Services for Overseas Students Act 2000 (ESOS Act), the college will contact the students regularly to verify their contact details.

Attendance Monitoring & Warning System

The College will attempt to inform students as soon as possible if it is noted that attendance is dropping. However, it is the student's responsibility to ensure that the attendance rate is satisfactory (above 80%).

It is very important to keep your contact details up-to-date, especially your email and your postal address.

If student is absent for 5 consecutive days or more the Student Services Officer will attempt to contact the student. This will be done either by email or phone. The intent of contacting the student is to:

- Find out why the student was absent
- Find out what support the College may be able to offer to the student.

Punctuality

Punctuality dramatically affects your understanding of the class material. All trainers/assessors are expected to provide an overview at the beginning of the lesson, so that you have some appreciation of the context of the material being presented. If you are late you will miss this crucial information.

Students who arrive late are also a distraction to all the other students in the class and this affects the communication of ideas. In addition, trainers/assessors often have to waste time going over material a second or third time, which detracts from the quality of the teaching they can offer to students who made the effort to be in class on time. Make sure you allow enough time to get to the College when planning your travel.

Medical Certificates

If a student is absent for medical reasons, they should submit a valid medical certificate to the Student Services Officer. Please submit a copy of the certificate and keep the original in a safe place. Please note medical certificates do not alter your attendance record but are an important consideration should your attendance or academic performance come under review.

It is a crime in Australia to forge a medical certificate, and the Australian Medical Association may pursue criminal charges against any student who forges a certificate.

Student Surveys

As part of our continuous improvement procedures, you will be asked to complete a Student Satisfaction Survey. This is your opportunity to provide us with feedback on the course, the trainers and assessors, the course administration, the training facilities, the training activities, resources and materials and the assessment procedures. Your comments enable us to check that your expectations are being met and to improve our services.

Issuance of Qualifications

On successful completion of all units of competency you will be issued with a qualification within 30 days after completion of the course. If you do not complete the entire course of study a Statement of Attainment will be issued for successful completion of individual units of competency.

Change of Class

A student cannot transfer from one class to another without a valid reason. If a student needs to change class, he/she must complete Change of Class form available at the Student Services desk. Students can only change class subject to availability and approval. A charge of \$200 will be applicable if a student asks for 2nd times changing class. All Class change requests are approved by the Student Services and Administration Manager. Student cannot change the class if the unit is still running during the period.

Transfer of Students to and from another RTO

IESC will not enroll international students transferring from their principal course (i.e. the main course of study or the highest qualification indicated on the student's current visa) with another College before they have completed 6 months of their principal course with that College unless the student has a valid letter of release from that College agreeing to the transfer.

Circumstances in which a transfer will be granted

IESC will release a current student from their principal course and provide a letter of release before they have completed 6 months of that course where it can be demonstrated that the student:

- has not commenced their principal program
- has a realistic and accurate understanding of what the transfer represents to their study options
- Can no longer be provided with the training delivery and assessment services in the principal course delivered by the College.

Circumstances in which transfer a will not be granted

IESC will not release a current student from their principal course and provide a letter of release before they have completed 6 months of that course where it can be demonstrated that the student:

- has not made satisfactory academic progress and is seeking a transfer to avoid being reported to DET
- has not attended the course as required and is seeking a transfer to avoid being reported to DET
- has not paid all course fees

Procedure for assessing applications for transfer into the College

The College receives an application from a student who is on-shore and who has indicated that he/she is currently studying at another institution.

The Admissions Officer uses PRISMS to decide if the student has completed 6 months of their principal course. The Admissions Officer also uses the copy of the student visa in their passport to ascertain what the principal course and when the student arrived in Australia.

Where the above is satisfied, the College application process proceeds as for all off-shore students.

Where the above is not satisfied, the student is asked to provide an appropriate letter of release in support of their application. The student may be provided with a “conditional” offer which clearly states that an offer of a place is contingent on them obtaining a letter of release.

Where the student provides a letter of release and they have no outstanding fees to be paid to the prior institution or other outstanding matters of concern, the application proceeds as for all off-shore applicants.

Where a satisfactory letter of release is not provided, the application process is halted and the student is informed that they are unable to transfer at this time. They are welcome to re-activate their application when the 6-month period has passed.

Note: In the very rare circumstances where the original institution or course has ceased to be registered, or sanctions have been placed on the original institution by the Australian government which do not allow the student to continue with the course, no letter of release is required.

Procedure for assessing applications for transfer out of IESC

Students make a written request to IESC to transfer to another provider. The student is asked to provide a valid offer of enrolment from the new RTO.

With these documents sighted, IESC will assess the transfer request using the following questions:

- does the student have any outstanding fees payable?
- is the student fully aware of the study issues involved in the transfer?
- is the student trying to avoid being reported to The Department of Home Affairs for lack of course progress or poor attendance?

Where the answers to these questions are satisfactory, the letter of release will be granted at no charge to the student. The student will also be advised of the need to contact The Department of Home Affairs and obtain a new visa if the course they transfer to is not a VET course.

IESC reports the student’s termination of studies through PRISMS.

The Student Services and Administration Manager will decide whether to refuse or grant the letter of release and then inform the student. If the Student Services and Administration Manager decide to refuse a letter of release, the student will be advised in writing providing the reasons for refusal and indicate that the student may access the student complaints and appeals process outlined in the Student Handbook if he/she wants a review.

The Student Services and Administration Manager of IESC will make the final decision regarding issuing or refusing a letter of release for any student.

Time frame:

Where the student has provided all the necessary documentation regarding letters of release the assessment will be made within 14 days.

All requests, considerations, decisions and copies of letters of release are placed on the student's file.

The approval of transfer of a student to another institution does not indicate the agreement to provide any refund. Refunds are governed by IESC's refund policy as outlined in the written enrolment agreement.

Change of Enrolment

It is important for students to inform IESC of any changes in their enrolment. If you wish to defer or withdraw from your course there is a formal procedure you must follow. Please contact Student Services/Student Administration for further information. For information on how this will affect your tuition fees please refer to the Refund Policy in this Handbook.

Deferral of Studies, Course Suspension, Cancellation of Enrolment

- Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to IESC.
- IESC may decide to accept an application for deferral of commencement or suspension of study on the following grounds:
 1. On medical grounds (a medical practitioner's certificate indicating the student is unable to attend class); or
 2. In exceptional compassionate circumstances beyond the students control, such as serious illness or death of a close family member (independent evidence of the exceptional circumstances is required).
- Students must be informed in writing that deferral of commencement, suspension of enrolment and cancellation may affect the status of their student visa, and IESC will notify the DET via PRISMS as required under section 9 of the ESOS Act where the student's enrolment is deferred, temporarily suspended or cancelled
- If IESC intends to suspend or cancel the student's enrolment where it is not at the student's request, the students must be informed they have 20 working days to appeal to IESC. If the appeal is not upheld or the student withdraws from the appeal process, then the College must report the student to the DET via PRISMS as required under section 9 of the ESOS Act. The suspension or cancelling of the student's enrolment cannot take effect until the appeal process is completed unless there are extenuating circumstances relating to the student's welfare.
- Student-initiated deferral of commencement or suspension of enrolment cannot be granted retrospectively (after the event) or if it was taken by the student without authorisation.

- If students have taken unauthorised leave then they will be recorded as absent and their enrolment will be cancelled if their attendance falls below the College requirements.

Visa Information for International Students

Visa and immigration requirements

Overseas students should be aware that visa and immigration regulations are very complex and vary depending on the nationality of a student and his or her particular individual circumstances. Students are encouraged to visit the Department of Home Affairs website www.homeaffairs.gov.au for information.

Valid student visa throughout the studies

International students must have a valid student visa for the duration of their studies in Australia. Students will only be issued with a student visa for study in Australia if they seek to undertake a full-time course that is accredited and registered by the Australian Government.

Student complying with visa conditions

Students must satisfy visa requirements and comply with a number of visa conditions for attendance and academic performance, which come into effect after they have entered Australia. It is important to comply with these visa conditions.

Conditions of student visa include:

Full-time enrolment

International students on a student visa must enroll in full-time study. International students who hold visa types other than student visas, and have approval to enroll in a course, may be permitted to study on part-time basis.

Students must remain with one education provider

Students must remain with the education provider with whom they originally enrolled for at least the first 6 months of their principal course. A transfer will only be allowed in exceptional circumstances. Please refer to Transfer of Students from and to another RTO section in this handbook. Where a student undertakes a preparatory course prior to commencing their principal course they must complete the preparatory study and 6 months of the principal course before changing provider.

Overseas Student Health Cover (OSHC)

International students on student visas must maintain current Overseas Student Health Cover as a condition of their visa at all times. If you let your cover lapse, the Department of Home Affairs could cancel your student visa. OSHC must be renewed if it expires during the duration of the course either through the College or by the student.

Current residential address at all times

Students are required to inform their education provider, within seven days of their arrival in Australia, of their residential address. They are also required to advise their provider, within seven days, of any subsequent change of residential address.

Permission to work

During term students are allowed to work up to 40 hours per fortnight on a student visa and during the holiday period are allowed to work unlimited hours

Arrangements for dependents

Students who will be accompanied in Australia by their school age dependents must make schooling and immigration arrangements for those dependents.

College responsibility regarding visa violation

One aspect of the obligations on registered providers is to keep records of each accepted student (Point 21 of the ESOS 2000 Act) and to notify the appropriate agency when students breach their student visa condition. The ESOS (2000) Act, Point 20 states:

'A registered provider must send an accepted student of the provider a written notice if the student has breached a student visa condition relating to attendance or satisfactory academic performance.' Students will have 20 working days from the date of the notification to appeal.

When a student has been identified as violating visa conditions the College is obliged to cancel the CoE via PRISMS.
